

JOIN THE FOUNDATION TEAM

The North Dakota EMS Foundation needs an array of support to bring these programs to fruition and even more importantly to continue to strengthen the EMS system in North Dakota. If ensuring the continued success and viability of ND EMS is something you are enthusiastic about and you would like to be involved, there are multiple ways you can support the NDEMS Foundation. The Foundation could use volunteers to help administrate all its programs. Are you an effective communicator? We can utilize your writing capabilities to grow our grant writing campaign. Seeking individual donations and organizing fund-raising strategies also takes a tremendous amount of volunteer time. Finally, you can show your support by providing a tax-deductible contribution to support the EMS Foundation, 1622 E Interstate Ave, Bismarck, ND 58503.

If you want to become involved in strengthening North Dakota EMS now is the time! Please contact 701-221-0567 or ndemsa.office@ndemsa.org for more information.

OUR MISSION

The North Dakota EMS Foundation is a 501(c)(3) organization that began in 2004 after receiving a modest bequest from Dale Severson, an EMS leader in North Dakota. The establishing vision of the Foundation was to promote and support prehospital emergency medical services across the great state of North Dakota. The Foundation is dedicated to the state's EMS providers, ambulance services and quick response units; and it places a major emphasis on the continued viability of individual rural providers and response groups.

FOUNDATION SUSTAINABILITY & PLANNED GIVING

Planned giving is a method of supporting non-profits and charities that enables individuals to provide a larger impact than they ever thought their income would allow. Additionally, planned giving can provide donors with life-long income or estate and tax benefits. By definition, a planned gift is a major gift made by a donor, over a lifetime or at death, as part of the donor's overall financial or estate planning.

Planned giving comes in many forms and can have a tremendous impact on the sustainability of your favorite charity or non-profit organization. Some forms of planned gifts include bequests, charitable gift annuities, a variety of charitable trusts, life insurance and retirement plans.

The North Dakota EMS Foundation encourages you to please consider a planned gift. Each planned gift provides different benefits to the charity and donor. If you are interested in learning more or planning a gift you should contact your personal financial advisor.
